# A PEEK INTO EHS

Volume 1, Issue 3    Group B    Month of December/ Theme: Chanukah

## Theme of the Month...Chanukah! *Exploring Dreidelech, Menorahs, Latkelech..... And More!!!*

The *kinderlach* spent the past three weeks learning about Chanukah. We watched teacher prepare the big menorah and we helped her put in one *lechtela* at a time, counting slowly as we filled all 8. We explored the Menorah, the *lechtelech* and who lights them. We compared a big and small menorah and sorted big and small *dreidelech* by size. We were also able to sort the red and green ones by placing them in the designated color-coded bowls. We enjoyed watching Chanukah puppet show, created our *dreidel* puppet stick to swirl around when chanting our Chanukah song and so much more.

A message to the mommies:  
Thank you mommies for joining our Chaunkah event!  
A message from the kinderlach:

Mommy, it was lovely having you at my side while I worked industriously to complete each of the Chanukah center activities.

Though I may not say it, I am ever so grateful for the precious time you spent with me!

## Our Chanukah Event with Mommy

Wow, I wish we had this more often. It was “my” time!

This time, mommy, I do not need to tell you how much I enjoyed doing the activities, you surely realized yourself!

## Chanukah Sensory Experiences.....

We were amazed to see what happened when teacher pressed the dreidel and menorah shapers in the play dough! It was even more amazing to try doing it on our own!

The colorful dreidelech hunt in the sandbox was successful in having each one of us, without fail, learn the name, “dreidel”.

## Chanukah in Fine-Motor/Art

We love coloring, but it’s so much more fascinating and motivating when for a change, the crayons are dreidelach!

We also enjoyed punch painting our dreidelach and outlining our menorah with glitter glue.

## Chanukah book and crafts

It took a long time..... But in the end, we finished it on our own! Mommy, I'm so proud of my creations, please show me you're proud too! Can you take some time to read *my* Chanukah book together with me at bedtime?

Yeled V'yalda EHS

We had so much fun Learning about Chanukah!! We are so eager to jump into our next educational, fun-filled unit. We can't help but wonder what it's going to be about..... But Mommy, you surely deserve a heads up...

Acknowledgement: Thank You mommies, your gifts were appreciated!
